Student housing Valencia.

ABOUT STANBOO

Stanboo's main objective is to assist foreign students in their search for accommodation in Valencia. We understand that it can be hard to find accommodation relatively close to the University Campus due to the large number of students studying in Valencia. Stanboo is a service which enables students to rent a room within student housing. We are able to allocate accommodation in one of the halls of residence months before the student arrives, therefore relieving one of the main stresses of studying abroad.

Stanboo has arranged a booking form which will enable applicants to choose any of the accommodation options available. Our aim is to determine the individual needs and wants of each applicant, the student can among the different accommodation alternatives with just one application form.

One of our main aims is to make students feel at home during their stay, which is why we ensure that all of the flats and hall of students published in our portfolio are of the best quality and kept to that standard.

Our service goes on far beyond the task of finding accommodation; we will be in constant communication with students during their stay, helping them with anything queries that may arise.

WHAT SERVICES DO WE OFFER?

- Our main activity is based on the management of accommodation, however we also provide other services that may be interesting for students.
- We offer several services to help students to adapt to the city as soon as possible. Some of these services are: picking students at the airport, helping them to open a bank account, information about the health service and the nearest hospital to the student, help with the public transport etc.

- At Stanboo we offer students the possibility to improve their Spanish in order to be more involved with the city. We have agreements with some academies that offer languages packs at a really competitive price.
- We also have a section in our website where we will inform you about all the parties, events, sportive activities and trips that Stanboo organizes, all Erasmus students can participate (indifferently if they are staying with Stanboo or not)
