FROM RESEARCH TO SCIENCEPRENEURSHIP

From PhD to Innovator

How much startup is in your research?

How much startup is in your research? Take your career into your own hands in the Young Entrepreneurs in Science Workshop at the **Sartorius Campus!** Develop potential startup ideas together with other future sciencepreneurs of all disciplines, network with real-life intra- and entrepreneurs, and learn about career options after the academic path. Our innovation coaches will help you discover the potential of your research by building your first prototype. Participation grants you a personalised certificate and exclusive access to our online network for scientists.

How to apply

Admission is free and no previous knowledge is required.

Register until 09.09.2025 via the link:

Workshop Programme

Day 1: From Academia to Sciencepreneurship

Discover what it means to be an intra- or entrepreneur, explore your entrepreneurial strengths, and meet our experienced role models, who will share their failures and successes. The day will end with a factory tour and networking event hosted by our industry partner **Sartorius**.

Day 2: The Design Thinking Process

Learn and apply the Design Thinking principles to refine ideas for potential products. Work on a Design Thinking Challenge hosted by **Life Science Factory**. We will explore the concepts of empathy and human-centred design, and create a prototype for the final presentation.
